

Chapter 75: Describing Past Experiences (पिछले अनुभवों का वर्णन)

Arre yaar boss! Aaj hum ek mast topic leke aaye hain – Past Experiences yaani pichle dinon mein kya kiya, kaisa tha, kya hua? — basically wo saare moments jo humne pehle jeele hain. "Last weekend, I went to the beach" ya "Last year, I climbed a mountain", is tarah ke sentences hum ismein bolte hain.

Yeh skill bahut hi kaam ki hai, kyunki jab tum apne doston ko apni adventure stories sunate ho, toh yeh bhi toh banta hai na ki uss experience ko ache se describe karo.

Experiencing Past in Simple Words

- Past experience ka matlab hota hai wo saari cheezen jo tum ne guzaar Di hain, jo tumne pehle kiya hai.
- Ismein hum bolte hain: "I went to the zoo," "I watched a movie," "I ate pizza yesterday," ya "I visited Delhi last year."

Yeh sentences hum aise banate hain:

- Subject + last/before/yesterday + verb (past tense) + object.

Jab bhi tum dosron ko batao ki tumne pehle kya kiya, toh yeh use hota hai!

Example:

- Last week, I visited my grandparents.

Kab Use Karen?

- Jab apne pichle dino ke experiences share karna ho.
- Jab travel, event, ya koi memorable moment batana ho.
- Jab apni journey, adventure, ya koi bhi purana haal batana ho.

Bas, yaad rakho simple: "Past experiences" tab use karte hain jab hum bata rahe hote hain ki hum pehle kya kar chuke hain.
